Tunnah, Miss C.

June 25th, 1918

Miss M. C. Tunnah,

R. R. 2, Saskatoon.

Dear Miss Tunnah:

I have made inquiries as to whether it would be possible to give you any recognition for work done in the classes that you attended during the years 1906-8, but regret to find that there is no record at all of examination standing. In these circumstances it is difficult to know how the University could give any standing for work done, because an aegrotat is always based on previous records, and no one can be given an aegrotat who has not had to his or her credit some examination work that has been performed. I am sorry to have to write you to this effect.

Yours sincerely,

President.

Saskatoon, Sask., N. W. T.
June 17, 1910.

Dr. Falconer,
President University of Toronto.

Dear Sir,

When the extension work of the university was in its infancy, I attended the summer sessions of 1906 and 1907 and the "Teachers' Course" of 1907-8, studying mainly English, French and German of the first or second year. I attended the lectures regularly, with pleasure

and Prof. Silcox prevented
my taking the examinations
as planned in 1905. I came
west for a trip and have not
returned, so have had no
opportunity of presenting
myself for examination.

I would like now to have
standing in the subjects studied
to add with other qualifications
for special work in household
science; and have forwarded
to the Office of the University
a medical certificate from
Dr. Webster, who attended me in Toronto.
The registrar informs me he will bring
the question of an aegrotat before the
council.

I regret the length of time elapsed,
but only now want to make professional
use of the work taken.

I will thank you for anything
you can do towards securing some
standing or certificate that will make
the courses taken a professional asset.

Yours truly,
Mary G. Tunnah.
